The death of Usama bin Ladin one year ago understandably generated a significant amount of interest in the professionals who carried out the raid in Abbottabad, Pakistan, on the night of May 2nd. Lost in the focus on this single mission is the fact that United States Special Operations Forces (SOF) have conducted thousands of comparable missions in Afghanistan and Iraq since 2001. The success of Neptune Spear was the cumulative result of the experience, relentless focus and professionalism of a community that has been conducting these types of missions for over ten years.
