

Psychology and the Reflective Counsellor

By Charles Legg

John Wiley and Sons Ltd. Paperback. Book Condition: new. BRAND NEW, Psychology and the Reflective Counsellor, Charles Legg, Counselling psychology has emerged as a distinct branch of psychology, with unique concepts, research paradigms and practices that set it apart from the rest of the discipline. Unlike many introductory texts on psychology for counselors, this book does not just outline the main theories, suggesting that the reader pick one framework within which to work, and ignoring the rest of psychology. Charles Legg reviews the main areas of psychology, identifying findings of relevance to counseling, starting with social psychology, moving on to cognitive processes, individual differences and psychological development and focuses on what can be agreed upon about psychology, rather than on the points of contention. A greater understanding of what psychology offers can only aid communication in multidisciplinary teams. Complementing counseling models, mainstream psychology can help provide answers to questions such as: How much can clients remember of their pasts? What factors condition clients' expectations of counseling interaction? What rules do people apply to interpreting the behaviour of others? What sort of errors are people likely to make in reasoning about problems? Mainstream psychology offers a conceptual framework that at its best...
