

Dishing Dirt in the Digital Age: Celebrity Gossip Blogs and Participatory Media Culture (Paperback)

By Erin A. Meyers

Peter Lang Publishing Inc, United States, 2013. Paperback. Condition: New. New edition. Language: English . Brand New Book. Beginning in the mid-2000s, celebrity gossip blogs exploded into the media market, challenging the traditional dominance of print tabloids as the primary space of celebrity dish and reconfiguring the audience's role in celebrity culture. This book is a critical and historical examination of the impact of the technological and textual shifts engendered by new media on the use of celebrity gossip as a form of everyday cultural production. Examining six popular American gossip blogs - Perez Hilton and Jezebel among them - at a peak moment of influence in the mid-2000s, this book explores how the technological affordances of new media enable the merging of the social practice of gossip with the practice of reading, creating an evolving participatory and community-based media culture that continues to transform celebrity culture in the digital age.

Reviews

This type of publication is every little thing and got me to seeking in advance and much more. I could possibly comprehend every little thing out of this created e publication. I am happy to explain how this is the finest pdf we have study in my very own life and can be the greatest ebook for actually.

-- Miss Berenice Weimann Jr.

A very amazing publication with perfect and lucid information. We have read through and that i am certain that i will planning to study once more yet again in the future. You will not really feel monotony at anytime of the time (that's what catalogues are for about should you question me).

-- Matilda Hoeger V
