A Short History of the Egyptian Obelisks

By W R Cooper

Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.An excerpt from the beginning of Chapter I. Characteristics of an Obelisk: OF all the monuments of Egypt the most striking and the most characteristic are the Obelisk and the Pyramid; both of them solar emblems: the one significant of the rising, and the other of the setting sun; and both alike dating from that pre-historic period of civilization which was in perfection ere the Father of the Faithful had descended from Ur of the Chaldees, or the Turanian races of India were oppressed by their Aryan brethren. For so long a succession of centuries has the Obelisk been admired and copied in the various cities of Africa, Asia, and Europe; Alexandria, Constantinople, and Rome, that the original peculiarities of the structure itself have been occasionally lost sight of: and any single vertical monument that could not be exactly described as a column, has been set down as an obelisk. Hence there is still in popular acceptance some inaccuracy as to the exact form that an obelisk should assume: and it becomes necessary at once to define what...
