Stem: Mission to Mars: Problem Solving (Paperback)

By Rane Anderson

Teacher Created Materials, Inc, United States, 2017. Paperback. Condition: New. 2nd ed.. Language: English . Brand New Book. NASA wants to send humans to Mars within the next 25 years, but before that can happen, they must plan and prepare. This math reader will engage students as they read about STEM topics, building both their literacy skills and math content knowledge. With a focus on NASA's Mission to Mars, students will learn problem solving through the use of real-world examples. Captivating images, practice problems, and mathematical charts and diagrams help develop students problem solving skills. Text features such as a glossary, index, and a table of contents increase understanding and build critical literacy skills. The DOK-leveled Math Talk section facilitates mathematical discourse and higher order thinking skills with questions that students can respond to at school or home. The extensive Problem Solving section and Let's Explore Math sidebars provide numerous opportunities for students to practice what they have learned. Learning how to problem solve is fun and easy with this engaging grade 3 math reader!.

Reviews

It is simple in read through safer to comprehend. This is for anyone who statte that there was not a really worth reading through. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Samanta Klein**

This is basically the very best publication i actually have go through until now. It really is loaded with knowledge and wisdom I realized this publication from my i and dad encouraged this publication to discover.
