

## Airflow (Paperback)

By Martin Simons

Special Interest Model Books, United Kingdom, 2002. Paperback. Condition: New. Language: English . Brand New Book. Airflow examines and describes the many ways in which modellers and practitioners of a wide range of hobbies and sports (even cricket!) can understand and confront, harness and exploit the physical properties of wind and air. The book s admirable breadth and depth offers something not only for students of many science and technical subjects, but also to the hobbyists and disciples of alternative energy . The book will be of particular interest to the increasing number of people who are hooked on the thrill and excitement of sports such as yachting, aeromodelling, ballooning, car racing, parachuting, kite flying, boomerang throwing, hang gliding, soaring in sailplanes and power flying.
