5starcooks, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Defining, designing, creating, and implementing a process to solve a business challenge or meet a business objective is the most valuable role. In EVERY company, organization and department. Unless you are talking a one-time, single-use project within a business, there should be a process. Whether that process is managed and implemented by humans, AI, or a combination of the two, it needs to be designed by someone with a complex enough perspective to ask the right questions. Someone capable of asking the right questions and step back and say, What are we really trying to accomplish here? And is there a different way to look at it? For more than twenty years, The Art of Service s Self-Assessments empower people who can do just that - whether their title is marketer, entrepreneur, manager, salesperson, consultant, business process manager, executive assistant, IT Manager, CIO etc. - they are the people who rule the future. They are people who watch the process as it happens, and ask the right questions to make the process work better. This book is for managers, advisors, consultants, specialists, professionals and anyone interested in assessing Cybersecurity Risk Management. Featuring 436 new and updated case-based questions, divided into seven core areas of process design, this Self-Assessment will help you identify areas in which Cybersecurity Risk Management improvements can be made. In using the questions you will be better able to: - diagnose Cybersecurity Risk Management projects, initiatives, organizations, businesses and processes using accepted diagnostic standards and practices - implement evidence-based best practice strategies aligned with overall goals - integrate recent advances in Cybersecurity Risk Management and process design strategies into practice according to best practice guidelines Using a Self-Assessment tool known as the...
