PEACE THROUGH THE TRUTH, VOL. 1: OR, ESSAYS ON SUBJECTS CONNECTED WITH DR. PUSEY S EIRENICON (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Peace Through the Truth, Vol. 1: Or, Essays on Subjects Connected With Dr. Pusey s Eirenicon If the composition of a preface, even under ordinary circumstances, is beset with difficulties, those difficulties are considerably enhanced, when the duty falls to its lot of introducing to public notice an intermediary volume in a series. For it must of necessity look back, look on, and look forward; since, in order to do its work efficiently, it will have a word to say about former, present, and future volumes. Should it moreover so happen, (as it does in the present instance), that the subject-matter of the respective volumes is distinct and of a widely different character, the task becomes proportionably heavier; nor can the author well avoid its assuming the form of a more or less miscellaneous collection of notes. It is clearly impossible, in such case, to aim at any unity of idea; and the most that he can hope to exhibit is a certain unity of order. With this object in view, I propose to place before the reader certain facts, which he has a right to know, touching my first volume. First of all, then, there are two important errata which I desire to correct on this the first fitting opportunity that has presented itself since the publication of the work. In the Essay on the Immaculate Conception a document will be found to have been produced in the shape of a deed of gift, bearing the date of A.D. 780.
