Brand New Book ***** Print on Demand *****.Anwar was a Parizaini citizen who lost everything in the 2014 Rasilian air strike. He was falsely accused by the SSIA and was imprisoned at the Washington, DC Central Detention Facility. There, he befriended Donald (a former Navy Seal), Rahman (an engineering student), Emma (the PS of the President), Roger (a prison guard), and some others. On November 12, 2020, an army coup took place against the US government, led by the former chief of the SSIA, General Edward Carter, and Retired Rasilian air marshal, General Alexander Levi, supported by some terrorists and a number of corrupted government personnel who called themselves "The Red Army". They infiltrated the White House and some other important locations in the capital, took the President as well as the senators with their family members at the White House as their hostages, and sabotaged the entire defense forces of the capital. The entire capital became isolated from the rest of the country. The Red Army tried to create anarchism in the US and the entire world. It was during this chaotic moment that Anwar and his companions escaped from jail. Afterwards, they formed "The Green Army" and operated a mission called "Operation Survival of USA" to save the innocent civilians of the nation from this dire situation. With minimal support from the US government, they had to immobilize the Red Army. In the meantime, there was a misunderstanding between the US and other countries due this chaotic situation which could have led to World War III. Could the Green Army overcome all of these obstacles and save innocent lives? Most importantly, could the USA survive?.
