Martino Fine Books, United States, 2012. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.2012 Reprint of 1953 Edition. Exact facsimile of the original edition, not reproduced with Optical Recognition Software. Illustrated Edition. A maritime expert offers boating and yachting enthusiasts a complete course in rigging, working, and maintaining a ship. The perfect shipboard reference, this volume is packed with useful hands-on information: sailor s tools, basic knots, and useful hitches; hand sewing and canvas work; and dozens of other topics important to safety, economy, and efficiency. Over 100 illustrations. Few twentieth-century writers could equal Hervey Garrett Smith s works on the traditional arts of the sailor; none could surpass them. His descriptions of knotting, splicing, fancy work, canvas work, and the practice of marlinspike seamanship are clear, concise, and evocative. So, too, are his drawings, which are technically accurate, easy to follow, and a joy to behold. The Arts of the Sailor is Smith s finest book, a compendium of information that runs the gamut: the anatomy of rope, sailor s tools, knots, hitches, splicing, whipping, wire and rope service, hand sewing, decorative rope work, chafing gear, reefing, towing, cleats, rope-stopped blocks, and making all sorts of gear, including rope mats, a heaving line, a bosun s chair, and a ditty bag.
