It Governance Ltd, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Understand how to protect your critical information infrastructure (CII). Billions of people use the services of critical infrastructure providers, such as ambulances, hospitals, and electricity and transport networks. This number is increasing rapidly, yet there appears to be little protection for many of these services. IT solutions have allowed organisations to increase their efficiency in order to be competitive. However, do we even know or realise what happens when IT solutions are not working - when they simply don t function at all or not in the way we expect? This book aims to teach the IT framework from within, allowing you to reduce dependence on IT systems and put in place the necessary processes and procedures to help protect your CII. Lessons Learned: Critical Information Infrastructure Protection is aimed at people who organise the protection of critical infrastructure, such as chief executive officers, business managers, risk managers, IT managers, information security managers, business continuity managers and civil servants. Most of the principles and recommendations described are also valid in organisations that are not critical infrastructure service providers. The book covers the following: - Lesson 1: Define critical infrastructure services. - Lesson 2: Describe the critical infrastructure service and determine its service level. - Lesson 3: Define the providers of critical infrastructure services. - Lesson 4: Identify the critical activities, resources and responsible persons needed to provide the critical infrastructure service. - Lesson 5: Analyse and identify the interdependencies of services and their reliance upon power supplies. - Lesson 6: Visualise critical infrastructure data. - Lesson 7: Identify important information systems and assess their importance. - Lesson 8: Identify and analyse the interconnections and dependencies of information systems. - Lesson 9: Focus...
