

Public Administration in India: The Higher Civil Service

By S.R. Maheshwari

Oxford University Press, New Delhi, India, 2005. Paperback. Book Condition: New. First Edition. Public administration in India is often synonymous with the role and performance of the Indian Administrative Service (IAS). This book narrates the inception, development, and role of the higher civil services--the IAS and its allied services. It discusses the importance of the civil service and the nature and variety of challenges that a developing democracy offers to civil servants. The volume discusses the strategic positions members of the civil service occupy in all sectors of the government and how they participate in public policy-making. It explores how their decisions influence the lives of all sections of society how they execute laws and implement policies and decisions of the government. In addition, it also focuses on the role of the bureaucracy as the accredited adviser to the political executive on policy-making. S R Maheshwari stresses the indispensability of the civil service in a democratic polity like India. The civil service--the action arm of the government--has played a decisive role in assisting with the social and economic development of the country. However, there is today an urgent need for its reorientation to adapt to several emerging challenges. The...
