DIRECT-TO-CONSUMER GENETIC TESTS: CONSIDERATIONS AND QUESTIONABLE PRACTICES

Nova Science Publishers Inc. Paperback Book Condition: new. BRAND NEW, Direct-to-Consumer Genetic Tests: Considerations and Questionable Practices, Trevor Hecht, Austin F. Maze, In 2006, the Government Accountability Office (GAO) investigated companies selling direct-to-consumer (DTC) genetic tests and testified that these companies made medically unproven disease predictions. Although new companies have since been touted as being more reputable, experts remain concerned that the test results mislead consumers. This book examines the genetic tests currently on the market; the misleading test results...

This ebook is indeed gripping and fascinating. it had been writtem really properly and helpful. I am very easily could possibly get a satisfaction of reading a published publication.

-- **Maude Ritchie**

This book is definitely not effortless to start on reading through but extremely fun to learn. Better then never, though i am quite late in start reading this one. It is extremely difficult to leave it before concluding, once you begin to read the book.
