Balboa Press, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. John Dreamer is a cancer survivor who has outlasted most with his condition. He knows this is due to a remarkable nurse who loves him as a son--so much that she is willing to risk everything in experimenting with his chemotherapy. What they find together is that her medicines spark supernatural dreams in John. With the help of his nurse, John discovers that he can bring other people into his dream state and walk through their memories with more clarity than one could imagine and find what people need to learn in order to repair their own broken dreams. But John has a dream of his own that will define the rest of his life, however long that may be. He dreams of a soul mate desperate for him to find her. How does one find the mate of his dreams? John finds the task impossible, but slowly clues emerge in connections he finds between his soul mate and his nurse, and even a dream repair case he is working on. But all this will take time, the one thing it appears he does not have. As his soul mate tells him in a dream, if he is to learn where dreams can take him and where they can't, he must have some faith.
