

Doctor Universe (Paperback)

Filesize: 1.92 MB

Reviews

This ebook is indeed gripping and fascinating. it had been writtern really properly and helpful. I am very easily could possibly get a satisfaction of reading a published publication.

(Maude Ritchie)

DOCTOR UNIVERSE (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Unifying Science, Spirituality and Philosophy into one focus, the experience of the universe. Life itself is so vast, intense and almost insane, the very concept of it, and yet here we are. Not only that but the problems we face, the differences between us, the varying paths of life and here we are, trying to make some sense of it and about what we are supposed to do. The universe is so complex and incredible from where we are within it, that no matter how hard we try we will never totally understand it within our life time. This is just the truth. This does not mean however that within our life time we cannot grasp some of the known basics about it. The universe isn't just the plants and the stars and all things of various sizes between, it is more than that. The universe is everything you can possibly experience. Imagination is an experience, love, sadness, pain are all experiences. Suffering and Joy are both experiences. Gravity, light, warmth and goose-bumps are all experiences. They are all are part of the universe. Understanding the unity of nature and the presence of the flow between all of it in all directions and then beginning to understand how this works in our lives gives us a sense of place and knowing that benefits us. By being able to communicate with the universe in all of its aspects by understanding its language, the language of pure nature in every form, we can go on to have conversations with life in the form of artistic and sensual expressions, actions and observation.
