New Age International (P) Limited, 2005. Softcover. Condition: New. First edition. MBA`s Guide to Microsoft Office XP: The essential Office reference for business professionals is the only book that specifically describes how the business professional can more easily, more productively, and more powerfully use Microsoft® Office XP. * Part 1 provides friendly help using the common Office tools, managing documents, and the basics of Word, Excel, PowerPoint, Outlook, Access and FrontPage. * Part 2 provides rich detailed coverage of Office tools and features of particular interest to the business professional user: document formatting, macros, chart objects, the Office applets, and mail merge. * Part 3 explains and illustrates how to use Office programs for common business projects, including creating a contacts database with Outlook, publishing an e-mail newsletter with Outlook, setting up a Web site or a Web store with FrontPage, creating a business plan with Excel, creating a sales presentation with PowerPoint, and performing profit-volume-cost and capital budgeting analysis with Excel. Written for anyone who wants to use Office XP as a business tool, MBA`s Guide to Microsoft Office XP works for MBA students, MBA graduates, Office users with undergraduate degrees in business or a related field---and for anyone else who`s serious about using the programs in the Office XP suite as business power tools. Printed Pages: 688.
