Certainly, this is the greatest work by any author. It can be written in easy words and phrases rather than confusing. I am just happy to let you know that this is actually the greatest ebook we have studied inside my individual daily life and may be the greatest ebook for at any time.

University of Georgia Press, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book. In a career spanning nearly sixty years, Ruth Shellhorn (1909-2006) helped shape Southern California's iconic modernist aesthetic. This is the first full-length treatment of Shellhorn, who created close to four hundred landscape designs, collaborated with some of the region's most celebrated architects, and left her mark on a wide array of places, including college campuses and Disneyland's Main Street. Kelly Comras tells the story of Shellhorn's life and career before focusing on twelve projects that explore her approach to design and aesthetic philosophy in greater detail. The book's project studies include designs for Bullock's department stores and Fashion Square shopping centers; school campuses, including a multiyear master plan for the University of California at Riverside; a major Los Angeles County coastal planning project; the western headquarters for Prudential Insurance; residential estates and gardens; and her collaboration on the original plan for Disneyland. Shellhorn received formal training at Oregon State and Cornell Universities and was influenced by such contemporaries as Florence Yoch, Beatrix Farrand, Welton Becket, and Ralph Dalton Cornell. As president of the Southern California chapter of ASLA, she became a champion of her profession, working tirelessly to achieve state licensure for landscape architects. In her own practice, she collaborated closely with architects to address landscape concerns at the earliest stages of building design, retained long-term control over the maintenance of completed projects, and considered the importance of the region's natural environment at a time of intense development throughout Southern California. Shellhorn set a standard of creativity, productivity, and respect for the native landscape that defused gender stereotypes-and earned her the admiration of landscape designers then and now.
