

Confessions from the Massage Couch: A Massage Therapist s Musings on the Meaning of Life (Paperback)

Filesize: 1.08 MB

Reviews

Great electronic book and valuable one. It really is simplistic but surprises within the fifty percent from the book. Its been printed in an extremely simple way in fact it is merely right after i finished reading this publication by which in fact modified me, change the way i really believe.

(Dr. Bethany Lindgren)

CONFESSIONS FROM THE MESSAGE COUCH: A MESSAGE THERAPIST S MUSINGS ON THE MEANING OF LIFE (PAPERBACK)

Createspace, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Spirit and Destiny said: (.) spills the beans on a variety of topics, including what a massage therapist really thinks of you as she kneads your knotty tissue. There s even a chapter on what happens if there s the odd embarrassing moment, so you may find yourself giggling or wincing - probably both. A great read. This was a thought provoking page turner. Great stuff Paola! My first time reading a memoir but certainly not my last! PURE GENIUS Jenny, Goodreads What s the meaning of life? The intimacy and comfort of the massage room brings out amazing insights. This book is a collection of thoughts from conversations between a massage therapist and her clients. A NOTE FROM THE AUTHOR PAOLA BASSANESE: The massage room is a strictly titillation-free zone. There s plenty of navel-gazing in this book - from the physical to the metaphysical. I have condensed 10 years worth of experience as a therapist into this book which covers all major life events that can happen to any of us, while referencing to various resources in the field of philosophy, alternative therapies and general health. Sometimes I wonder how many times the average person will ask herself what the meaning of life is and what is her life s mission. Are we really so busy that we have stopped asking this question? Or, even if we did seek ways of living a more meaningful life, did we just give up at the first hurdle? Only because a question is difficult does that mean that is it impossible to answer it? Update: the book has been revised and improved in August 2014.
