Its America in 1915 The still distant Great War in Europe creates unexpected opportunities for the Morrison and Townsend families in Boston while, at the same time, they watch with dread as the ferocious conflict reaches across the ocean. William Morrisons boss, the bank president Joe Finnerty, is also a relentless con man. Whether its elaborate stock frauds, war profiteering or just dipping into a widows trust account Finnertys ever-cheery amorality both captivates and repels William. Williams wife, Margaret is also captivated but for her it is with wireless voice transmissions. Its called radio, and while she is certain it will soon transmit a voice, even music, for as much as several miles, she is dismayed by its use on the battlefields of Europe. Margarets sportswriter brother Byron Townsend covers the Boston Red Sox and its simpleton teenage sensation, Babe Ruth. He believes the World War will be the defining event of his generation and he intends to go to the front lines as a journalist. Byrons wife, Helen, shares Margarets passion for radio. They form a strong bond in their quest for independence a bond that will be severely tested by love affairs and patriotism. But after a German torpedo sinks the ocean liner, the RMS Lusitania, no ones life will ever be the same again. This item ships from multiple locations.
