Continuum Publishing Corporation, United States, 2012. Paperback. Book Condition: New. 232 x 154 mm. Language: English Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Insight and Analysis applies Bernard Lonergan s thought to current issues in philosophy and in moral and other areas of theology. The common theme of the book is seen in the thread running through the chapters: a dialogue and critical comparison and contrast between Lonergan s thought and various key interlocutors in philosophy and theology. The title of this book, Insight and Analysis, suggests its main focus - Lonergan and analytical philosophy - but also references one of Lonergan s most influential works: Insight: A Study of Human Understanding. The chapters which explore the implications of Lonergan s thought for current work in analytical philosophy include discussions of Dummett, Wittgenstein, Searle, MacIntyre, Mackie, and Hintikka. However, Andrew Beard also brings Lonergan into dialogue with the continental tradition, with an extensive chapter on Badiou. Chapters on fundamental moral theology, Rahner s philosophy, and interculturality and the writings of (the then) Cardinal Ratzinger indicate the importance of Lonergan as a philosophical theologian. Insight and Analysis presents a wide-ranging reassessment of the impact and application of Lonergan s thought.
