## INVENTING THE INDIVIDUAL: THE ORIGINS OF WESTERN LIBERALISM

Penguin Books Ltd. Paperback. Book Condition: new. BRAND NEW, Inventing the Individual: The Origins of Western Liberalism, Larry Siedentop, The new book from Larry Siedentop, acclaimed author of Democracy in Europe, Inventing the Individual is a highly original rethinking of how our moral beliefs were formed and their impact on western society today. "Magisterial, timeless, beautifully written .Siedentop has achieved something quite extraordinary. He has explained us to ourselves". (Spectator). This ambitious and stimulating book describes how a moral revolution in the first centuries AD - the discovery of human freedom and its universal potential - led to a social revolution in the west. The invention of a new, equal social role, the individual, gradually displaced the claims of family, tribe and caste as the basis of social organisation. Larry Siedentop asks us to rethink the evolution of the ideas on which modern societies and government are built, and argues that the core of what is now our system of beliefs emerged much earlier than we think. The roots of liberalism - belief in individual liberty, in the fundamental moral equality of individuals, that equality should be the basis of a legal system and that only a representative form of government is fitting for such a society - all these, Siedentop argues, were pioneered by Christian thinkers of the Middle Ages, who drew on the moral revolution carried out by the early church. It was the arguments of canon lawyers, theologians and philosophers from the eleventh to the fourteenth century, rather than the Renaissance, that laid the foundation for liberal democracy. There are large parts of the world where other beliefs flourish - fundamentalist Islam, which denies the equality of women and is often ambiguous about individual rights and representative institutions; quasi-capitalist China, where a form of utilitarianism enshrines state...
