### **Reviews**

*This publication may be worth purchasing. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.*  
(Cassandra Von)

## THE PHAISTOS DISK

[DOWNLOAD](#)

Balistier Verlag, 2000. Taschenbuch. Condition: Neu. Neuware - Since it was discovered in 1908, the Phaistos Disk - one of the most important artifacts from Crete's minoan culture - has challenged scholars of diverse disciplines and captivated interests of amateurs. Its allure is primarily due to the fact that no one has been able to really solve its mystery. None of the numerous decipherments has found general acceptance or scientific approval. This book does not offer yet another attempt at deciphering the Disk. Rather, it is a short presentation of the various research efforts on the dating and origin, writing and language, as well as content and purpose of the Disk. This lively account of the most important aspects of a not-so-strictly-scholarly debate, which has gone on for decades, also includes a view of the putative solutions. 111 pp. Englisch.
