

The Medical and Surgical History of the War of the Rebellion, Vol. 1: Part II; Medical History, Being the Second Medical Volume (Classic Reprint) (Paperback)

Filesize: 4.28 MB

Reviews

The ebook is fantastic and great. It really is basic but unexpected situations within the fifty percent in the book. Its been written in an exceptionally basic way in fact it is only after i finished reading through this ebook by which actually modified me, modify the way in my opinion.

(Ms. Donna Parker MD)

THE MEDICAL AND SURGICAL HISTORY OF THE WAR OF THE REBELLION, VOL. 1: PART II; MEDICAL HISTORY, BEING THE SECOND MEDICAL VOLUME (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Medical and Surgical History of the War of the Rebellion, Vol. 1: Part II; Medical History, Being the Second Medical Volume The nature of the subject will, I trust, justify this determination. Not only do the Alvine Fluxes usually cause more sickness and mortality among troops during war than any other group of diseases, but this circumstance affords a better opportunity for their study than can commonly be obtained in times of peace, so that it has heretofore happened that many of the most important accounts of these disorders, whether in ancient or modern times, have been the fruit of military experience. When I came to study carefully the documents and pathological specimens relating to this subject which had been collected by the industry of our Medical Officers during the Civil War, I formed the opinion that they were well worthy of presentation in detail; and when I began the task of interpreting them by the aid of previous experience, I was led to believe that the time had arrived when modern observations might profitably be contrasted with the records of the past, and the historical basis of the dominant opinions of the present day be subjected to careful and critical scrutiny. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
