CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 260 pages. Dimensions: 9.0in. x 6.0in. x 0.9in. Product management solutions are exposed in this complete book on managing an innovative profit center. Creative Control: The Secret To Perfect Innovation by Brian Bickford, provides profit driven solutions grounded in individual re-engagement and organic contribution by all employees. This book is for all innovators required to inspire any collaborations, product development and innovation teams. It is filled with thought provoking and easy to implement processes, as well as contains several case studies from some of the top marketing experts in the industry today. These important product management questions and business concerns are answered in this book: How is revenue tied to innovation What are the secrets that make an environment innovative Have you ever wondered why some companies are better at coming up with differentiating innovations than others What is the best way to get your employees to become high performance ambassadors The connection between creativity and revenues are innately intertwined with innovation and corporate differentiation. It is within the process of leveraging the talents of all employees within a company that cultivates the environment for creative involvement and contribution leading to new innovation. This is the cultural shift required for a corporate climate to flourish in a very competitive business environment. It is this creative spirit that is embraced by the best leaders and companies, groups and individuals that lead to unlimited human energy, ideas, thoughts and exponential possibilities. The complexity of how best to deliver this creative energy in a focused yet unrestricted way, is the road map for increased profitability and corporate fulfillment known as the Creative Control process. This item ships from La Vergne, TN. Paperback.
