

## The Remains (Paperback)

By Annie Freud

Pan MacMillan, United Kingdom, 2015. Paperback. Condition: New. Main Market Ed. Language: English . Brand New Book. Annie Freud's new book *The Remains* was inspired by a visit to an exhibition of Sung Dynasty works on paper, and their unselfconscious blending of illustration and poetry. However the book has its imaginative origins in a huge collection of broken household china amassed by the author while digging her garden. Stranger items also came to light: a minute horseshoe, a fossilised scallop shell, a rusted metal silhouette of a hound. These worn shards and talismans soon began work on Freud's singular imagination, and this extraordinary collection of poetry and art is the result. *The Remains* is concerned with what is left when everything seems broken or lost - and the new and unexpected things that happen when they are found again. Beautifully illustrated in full colour by the poet herself, *The Remains* is a powerful book of consolation and surprise from one of our most original literary voices.
