Reviews

I just began reading this pdf. It is actually written in straightforward words instead of hard to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Raincloud Press, 2016. Paperback. Condition: New. Language: English . Brand New Book. A visually gripping graphic memoir, this book delivers the gritty details of a mother, a newborn, and a five-month stay in the Neonatal Intensive Care Unit (NICU). A routine prenatal exam reveals a dangerous problem and the first-time parents find themselves thrust into a world of close calls, sleepless nights, and psychological crisis. Surrounded by disagreements, deaths, extended family tensions, and questions of faith, the mother struggles to maintain a positive frame of mind. Against the antiseptic, mechanical reality of the NICU, the dedicated health professionals are drawn as sympathetic and wry animal characters. Doctor Eyes and Nurse Gentlehands are two of the care providers that do all they can to take care of Baby Asa. At times the parents battle feelings of helplessness but their determination, insight, bravery, and connection ultimately helps keep their little one alive.
