

## The Foa Outside Plant Fiber Optics Construction Guide (Paperback)

By Joe Botha

Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. This textbook is a guide to outside plant fiber optic construction, basically the process of installing the fiber optic cable plant including the work necessary before the fiber optic techs begin splicing, terminating and testing the cable plant. This book was written by Joe Botha of Triple Play Fibre Optic Solutions in South Africa as a textbook for classes he teaches on construction. Joe, an FOA Master Instructor, created the course to fill a need for training OSP construction crews. The book covers topics which are rare in textbooks, practical solutions to designing and installing the fiber optic cable plant. It is an extremely valuable reference book for all owners, designers, supervisors and installers of fiber optic OSP networks.

### Reviews

*This is the finest publication we have read through right up until now. Better then never, though i am quite late in start reading this one. Its been written in an remarkably easy way in fact it is only after i finished reading through this book by which basically altered me, affect the way i think.*
