Reviews

This sort of book is everything and taught me to seeking forward and more. This really is for those who statte there had not been a well worth reading. I found out this pdf from my i and dad advised this book to discover.

(Prof. Griffin Murphy)

GEOLOGICAL SURVEY PROFESSIONAL PAPER VOLUME 643

Rarebooksclub.com, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. Excerpt: .in the Illiciaceae. Illicium, is a member of the most primitive order of angiosperms, the Ranales (Stebbins, 1950, p. 471). The principal feature shared by modern pollen of some species of Illicium and the fossil pollen described below is the tendency to split into thirds along the syncolpate suture lines. I know of no other genus of modern plants in which this occurs. The modern genus Illicium includes species with two different types of pollen, the syncolpate type with colpi bordered by ridges or thickenings (margos) and the tricolpate type, morphologically almost identical with the syncolpate type, in which the colpi do not quite reach the poles. The pollen grains of Schizandra and Kadsura, also belonging to the Ranales, though not syncolpate, are somewhat similar morphologically to the pollen of Illicium, but Illicium is unique in the possession of syncolpate pollen grains that split into thirds. Two new genera have been erected to accommodate the new species described in this paper. These species are useful fossils of comparatively narrow stratigraphic range. ACKNOWLEDGMENTS I wish to thank Mr. R. A. J. Rosset of Compafiia Shell de Venezuela, Ltd., Mr. J. A. Shields of Mobil Oil Company de Venezuela, Mr. Amos Salvador, and Mr. Virgil Winkler of Creole Petroleum Corporation of Venezuela for giving me permission to publish data pertaining to the fossils from Venezuelan rocks. I am grateful to Mr. W. W. Fairchild, Standard Oil of Texas, for providing the sample from the Bayou Lennan Member of the Pendleton Formation...
