Forgotten Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Care of the Mouth and Teeth: A Primer of Oral Hygiene Perhaps it is superfluous to state that this brief volume aims at nothing else than the grasping of the fundamental idea of the value of oral hygiene. In attempting to collect a suitable appropriation of ideas for the general reader, both child and adult, it is somewhat difficult, as anyone with similar experience knows, to write for their understanding without entangling oneself in the meshes of at least some technical details, and, as in the case of oral prophylaxis, difficult to avoid disputed ground, especially in regard to therapeutics. So it was with these snares in mind that I have tried to make the scientific matter as simple as possible and the practical advice as nearly correct as the majority of the authoritative opinions of the dental profession would warrant, it having been my idea to leave untouched any point of unsettled value, especially in regard to the late theories of Pickerill and Gies concerning the use of organic acids rather than alkaline fluids. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
