The night-time is one of the strangest phenomena on the earth. The physical darkness it brings provides the perfect cover for a myriad of physical and spiritual events to occur. Criminals and demonic powers take advantage of the night to seek whom to attack or to carry out pre-planned assignments against people. On the other hand, there are people who benefit from divine experiences and endowments scheduled for them by the Almighty specifically for the night. By default, these events happen to people without their direct permission or participation. but it does not have to be that way. This book **Command the Night: Daily Prayer Manual** is a unique book that provides you with the spiritual tools with which to consciously participate in and determine the outcome of night-time events concerning your life. Using the undiluted Word of God, prayers, commands and songs, this book shows you the proper way to close your day in order to enjoy divine security, dominion and peace throughout the night. This book is relatively short by design so that you can complete all the prayers before you sleep. If you read and do the content of this book every night, you will become empowered to successfully program the events of the night to work in your favor and therefore benefit from divine protection (from any sort of misfortune or attack - physical or spiritual), night-time divine visitations, divine interventions, divine instructions, sound sleep and several other divine blessings available at night.
