Brand New Book ***** Print on Demand *****.This book describes the journey of a Hi-tech immigrant through various part of United States including Silicon Valley, Seattle, Nashville and Southern California. The book starts in 1987, at University of California campus in Davis, where it all began, where Artificial Imagination was conceived. We then fast forward by 15 years to 2002. Our main character, a Executive in the Software industry and working in Silicon Valley. Soon, he is heading to Seattle to work for at a lower level management position. We read one lively story after another about the life in the Northwest and learn about his lovely wife and two daughters. Our adventurer then heads to Nashville to work for a software company, and then heads back to Southern California to get caught in the infamous wild fires of 2007. Kudos to the author to be able to find humor in the middle of the Inferno! ----- A Review by John Lehman, the author of Everything is changing I was half way through this book when I realized it is almost poetry in the form of...
