Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Tick. Tock. Time is running out for Wonderland. When Alice Liddell got married and became Alice Hargreaves, she received one last gift from the man who immortalized her in Alice s Adventures in Wonderland and Through the Looking Glass-a watercolor painting. To anyone else, it s just a normal painting of Oxford. But to Alice, it s a portal to another world. One that she doesn t dare go through anymore-as a wife, a mother, and a well-brought-up upper-class English lady. On the other side of the portal, another, younger Alice is being dragged into the beginning of a war. A war between the Wonderlanders that we know-and the ones on the opposite side, clockwork creations that used to maintain the clocks that drove Wonderland but have now forced their counterparts to slave from dusk until dawn. A cruel treaty constrains everyone from the humblest rabbit to the highest queen. And now the fragile peace between the Wonderlanders is coming to an end: the great clock that runs Wonderland is almost unwound, despite the best efforts of both sides.and just to make things worse, a group of traitors has been working toward the Great Unwinding, sabotaging all efforts of salvation. Only the grown-up Alice s curiosity can save them now.
