

A Handbook of the Practice of Forensic Medicine: Based Upon Personal Experience (Paperback)

Filesize: 1.67 MB

Reviews

This created ebook is wonderful. I am quite late in start reading this one, but better then never. You may like the way the author compose this pdf.

(Frederic Lang)

A HANDBOOK OF THE PRACTICE OF FORENSIC MEDICINE: BASED UPON PERSONAL EXPERIENCE (PAPERBACK)

Createspace, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.An excerpt of the Preface to the Third Edition: THE rapid sale of the third edition of the gerichtliche Leichenöffnungen, originally gave occasion to the publication of this work, the Thanatological Division of which, published first in October, 1856, and reprinted unaltered in December, 1857, may be regarded as but a new edition of the two former volumes; to this, in September, 1858, was added a Biological Division, also equal in bulk to both of the previous volumes. In a very few months it became evident that a new (third) and improved edition would be, required, and in it the entire work is now for the first time offered to the public in a complete condition. In this book, as in all my public lectures for the last thirty-six years, I have specially striven against the prime failing of most authors on forensic medicine, viz., the separation of it from general medicine, and endeavoured to purify it from all irrelevant rubbish, which has been so copiously accumulated in it by tradition, want of experience in forensic matters, and therefore ignorance of the proper relation which the medical jurist bears to the judge, as well as mistaken ideas as to the practical object of the science. No doubt much has already been done in this respect by the advance of general learning in the course of by-gone ages. Questions, such as those we find treated of in the older writers - as, Was Adam a hermaphrodite? or, Can a woman be got with child by the devil? are certainly no longer to be met with; but the echoes of real sophistries, in which the medicina forensis was so rich, contemptibly-crafty ifs and buts, are still to...
