

Extreme Birds: The World's Most Extraordinary and Bizarre Birds (Paperback)

Filesize: 7.11 MB

Reviews

It is one of the best publications. It is definitely simplistic but exciting in the 50% in the ebook. I am very happy to let you know that this is basically the greatest publication I have ever gone through within my own existence and could be the greatest PDF for ever.

FIREFLY BOOKS, 2011. Paperback. Condition: New. Reprint. Language: English . Brand New Book. Extreme Birds is a photographic showcase of 150 birds at the extremes of nature. It reveals nature s ingenuity and sometimes its sense of humor. The species in this book were chosen for their extraordinary characteristics and for behaviors far beyond the typical. They are the biggest, the fastest, the meanest, the smartest. They build the most intricate nests, they have the most peculiar mating rituals, they dive the deepest and they fly the highest. These are the overachievers of the avian world. Some examples: Most skilled nest builder: The tiny southern masked weaver reveals a surprising grasp of the principles of architecture. In just five days it weaves and knots thousands of fine grass strands to build a complex sphere-like nest that hangs from the tip of an overhead branch. Deadliest enemy: The southern cassowary is big (140 pounds), tall (6 feet) and fast (30 mph). This flightless bird can also leap 5 feet into the air and has 5-inch long claws that are capable of stabbing and disemboweling a human being. Most creative decorator: The blue bower bird creates an elaborate bachelor pad bower and decorates it with colorful baubles. Blue is preferred, and the shinier the better. Enlivened with entertaining facts and anecdotes, Extreme Birds is an engaging celebration of nature s tremendous imagination. It will appeal to all readers, especially birders and naturalists.
