In a digital age with computers, game systems and smartphones taking society by storm, this unique Psychologists guide, Kitchen Table Therapy, helps parents to lead their own family in designing and attaining goals just like those which may have been addressed in a therapists office. With Dr. Gerbers guidance, parents lead their family in fun-filled activities that require only simple ingredients: a family, a kitchen table, and your time and support. These ingredients are the meat and potatoes of this heart-warming family bonding book. Kitchen Table Therapy is illustrated by the famous humorous illustrator, Norm Bendell. Norm Bendell is famous for his work with the American Girl best selling series. Kitchen Table Therapy is a must read and will be a valuable component of your family library.
