

The Future of Consumer Society

By Cohen, Maurie J.

Condition: New. Publisher/Verlag: Oxford University Press | Prospects for Sustainability in the New Economy | Shows how consumer society is changing due to demographic ageing, rising income inequality, political paralysis, resource scarcity, and steady jobs being replaced by freelancing. It examines how people are striving to find new ways to ensure livelihoods and the role that the role that worker-consumer cooperatives could play. | Consumer society in the United States and other countries is receding due to demographic ageing, rising income inequality, political paralysis, and resource scarcity. At the same time, steady jobs that compensate employees on a salaried or hourly basis are being replaced by freelancing and contingent work. The rise of the so-called sharing economy, the growth of do-it-yourself production, and the spreading popularity of economic localization are evidence that people are striving to find new ways to ensure livelihoods for themselves and their families in the face of profound change. Indications are that we are at the early stages of a transition away from a system of social organization predicated on consumerism. These developments have prompted some policy makers to suggest providing households with a non-labor source of income that would enable more adequate satisfaction of their basic needs....
