PROMISING CARE: HOW WE CAN RESCUE HEALTH CARE BY IMPROVING IT (HARDBACK)

John Wiley Sons Inc, United States, 2013. Hardback. Condition: New. Language: English . Brand New Book. Promising Care: How We Can Rescue Health Care by Improving It collects 16 speeches given over a period of 10 years by Donald M. Berwick, an internationally acclaimed champion of health care improvement throughout the course of his long and storied career as a physician, health care educator and policy expert, leader of the Institute for Healthcare Improvement (IHI), and administrator of the Centers for Medicare Medicaid Services. As a remedy he offers a vision for making our systems better safer, more effective, more efficient, and more humane. Each of Berwick s compelling speeches is preceded by a brief commentary by a prominent figure in health care, policy, or politics who has a unique connection to that particular speech. Contributors include such notables as Tom Daschle, Paul Batalden, and Lord Nigel Crisp. Their commentaries reflect on how it felt to hear the speech in the context in which it was delivered, and assess its relevance in today s health care environment. The introduction is by Maureen Bisognano, CEO of Institute for Healthcare Improvement, and author of Pursuing the Triple Aim. Praise for previous books by Don Berwick Curing Health Care: The book is an easy and affirming read for anyone who is familiar with and has used the TQM teachings of Dr. Joseph M. Juran and Dr. W. Edwards Deming and would be a simple and informative introduction to the concepts for anyone who has been hearing about TQM but has no idea what...
