

The European Union: A Very Short Introduction

Filesize: 2.02 MB

Reviews

This pdf will never be straightforward to get going on studying but quite enjoyable to read through. This is certainly for all those who stante there was not a really worth studying. You are going to like the way the blogger publish this publication.
(Mrs. Adah Sawayn)

THE EUROPEAN UNION: A VERY SHORT INTRODUCTION

Oxford University Press Jan 2018, 2018. Taschenbuch. Condition: Neu. Neuware - The European Union (EU) stands out as a fascinatingly unique political organisation. On the one hand, it has shown the potential for developing deep and wide-ranging cooperation between member states, going far beyond that found anywhere else in the world. On the other, it is currently in the throes of a phase of profound uncertainty about its viability and future. Showing how and why the EU has developed from 1950 to the present day, this Very Short Introduction covers a range of topics, including the Union's early history, the workings of its institutions and what they do, the interplay between 'eurosceptics' and federalists, and the role of the Union beyond Europe in international affairs and as a peace-keeper. In this fully updated fourth edition, Pinder and Usherwood cover the migrant crisis and the UK's decision to leave the Union, set in the context of a body that is now involved in most areas of public policy. Discussing how the EU continues to draw in new members, they conclude by considering the future of the Union and the choices and challenges that may lie ahead. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable. 202 pp. Englisch.
