Motivation & Neural Networks
The Biological Roots of the Tree of Knowledge

John F Evans

Createspace Independent Publishing Platform, United States, 2007. Paperback Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This book explains how we learn, how our pre-conscious experience-trapping neural networks, generalise and abstract from a stream of personal and cultural experiences, to construct our causal maps and models of reality, our value systems and our emotional associations. It explores the strengths and weaknesses of human thinking and shows how we can take conscious control of our personal development,...

Reviews

I just started off reading this article publication. It is definitely simplistic but surprises in the 50 percent of your ebook. You are going to like how the author create this publication.

-- **Clint Labadie**

The book is great and fantastic. It usually does not price excessive. I am happy to tell you that this is the greatest ebook i actually have read during my personal existence and can be he very best ebook for possibly.
