Article I. --SOME OF THE ADVANTAGES OF THE UNION OF MEDICAL SCHOOL AND UNIVERSITY It is a hopeful and gratifying circumstance that within the last few years universities in this country and in England have shown an awakened and enlightened interest in the advancement of medical science and the promotion of higher medical education. Among the most notable evidences of this interest is the recent organization at the great Universities of Oxford and of Cambridge in England of medical departments, not as detached schools, but as integral and coordinate parts of the university. The vivifying influence of this intimate connection between medical study and the university has made itself manifest in zeal for research, equipment of laboratories, improved methods of instruction, and a more orderly and systematic scheme of study. An Address delivered at Yale University, June 26th, 1888. By William H. Welch, M. D. , Professor of Pathology in Johns Hopkins University. Vol. m 11 If I mistake not the significance of the present occasion there are here in Yale University intelligent appreciation of the great purposes to be accomplished by promotion of the best medical education and a desire to render the medical department not less efficient than the other departments of this university. The present occasion seems an appropriate one to consider some of the relations of medical education to the university. In this country and in England medicine is taught chiefly in independent professional schools without any...
