Helion Company, United Kingdom, 2011. Hardback. Book Condition: New. 236 x 157 mm. Language: English . Brand New Book. A groundbreaking book when first published in Russia in 2005, now Valeriy Zamulin s study of the crucible of combat during the titanic clash at Kursk - the fighting at Prokhorovka - is available in English. A former staff member of the Prokhorovka Battlefield State Museum, Zamulin has dedicated years of his life to the study of the battle of Kursk, and especially the fighting on its southern flank involving the famous attack of the II SS Panzer Corps into the teeth of deeply-echeloned Red Army defenses. A product of five years of intense research into the once-secret Central Archives of the Russian Ministry of Defense, Zamulin lays out in enormous detail the plans and tactics of both sides, culminating in the famous and controversial clash at Prokhorovka on 12 July 1943. Zamulin skillfully weaves reminiscences of Red Army and Wehrmacht soldiers and officers into the narrative of the fighting, using in part files belonging to the Prokhorovka Battlefield State Museum. Zamulin has the advantage of living in Prokhorovka, so he has walked the ground of the battlefield many times and has an intimate knowledge of the terrain. Examining the battle from primarily the Soviet side, Zamulin reveals the real costs and real achievements of the Red Army at Kursk, especially Prokhorovka. He examines the mistaken deployments and faulty decisions that hampered the Voronezh Front s efforts to contain the Fourth Panzer Army s assault, and the valiant, self-sacrificial fighting of the Red Army s soldiers and junior officers as they sought to slow the German advance. Illustrated with numerous maps and photographs, and supplemented with extensive tables of data, Zamulin s book is an outstanding contribution to the growing literature...
