Dover Publications Inc., United States, 2014. Paperback. Condition: New. Reprint. Language: English . Brand New Book. Although this was originally written in the 70 s, one can argue it s relevant today now more than ever. For both the beardless and bearded it s everything you could ask for when asking the question Should I grow a beard? -- Die On Set The right beard, worn well, is a mark of virility, distinction, dash, and self-confidence. This witty and practical guide extols the pleasures and benefits of a well-covered chin, including heightened attention from women and increased social and professional respect. A great gift for the bearded as well as anyone interested in adopting the fashionable trend, this volume offers a gallery of styles to help the wearer find the one best suited to his face and personality. Experienced counsel on selecting, growing, and caring for beards includes shaving techniques--accompanied by advice for getting through the awkward growing-in phase with dignity--and tips on everything from grooming to eating and kissing.
