INHERITANCE AND FAMILY LIFE IN COLONIAL NEW YORK CITY

Cornell University Press. Paperback Condition: New. 264 pages. Dimensions: 8.9in. x 5.9in. x 0.9in. This book breaks new ground by offering the first detailed and systematic analysis of inheritance practices in New York City from the beginning of Dutch settlement in the 1620s to the onset of the American Revolution. By analyzing a broad range of original sources including more than 2,300 wills, David E. Narrett shows how the transmission of property at death reflected the distribution of power and authority within...

Reviews

A very wonderful book with lucid and perfect answers. It is probably the most incredible book I have studied. It has been designed in an exceptionally simple way and is particularly just after I finished reading through this publication by which in fact transformed me, alter the way in my opinion.

-- **Macey Schneider**

Extremely helpful for all class of people. It is probably the most incredible ebook I actually have gone through. I discovered this publication from my dad and I recommended this ebook to discover.
