By Herman Koren, Michael S. Bisesi

Taylor Francis Inc, United States, 2018. Mixed media product. Condition: New. 4th New edition. Language: English . Brand New Book. The two-volume Handbook of Environmental Health, Fourth Edition provides a comprehensive but concise discussion of important environmental health areas, including energy, ecology and people, environmental epidemiology, risk assessment and risk management, environmental law, air quality management, food protection, insect control, rodent control, pesticides, chemical environment, environmental economics, human disease and injury, occupational health and safety, noise, radiation, recreational environment, indoor environments, medical care institutions, schools and universities, prisons, solid and hazardous waste management, water supply, plumbing, swimming areas, sewage disposal, soils, water pollution control, environmental health emergencies, and nuisance complaints. The handbook presents background material that gives students and professionals an understanding of the areas under discussion and describes common problems and potential solutions. Each volume includes illustrative graphs, graphs, computerized drawings, inspection sheets, and flowcharts that consolidate or clarify textual material. These books are neither engineering texts nor comprehensive texts in each area of study. Their purpose is to provide a solid working knowledge of each environmental health area with sufficient detail for practitioners and students. The text can be used in basic courses in environmental health, environmental pollution, and...
