## Golf on the Moon: Entertaining Mathematical Paradoxes and Puzzles (Paperback)

By Dick Hess

Dover Publications Inc., United States, 2014. Paperback. Condition: New. Language: English . Brand New Book. Divide a rectangular cake into five even pieces, calculate the cost of running a successful casino, figure out the maximum number of losses on the road to winning the U.S. Open Tennis Championship, and solve other amusing and challenging puzzles -- including a mathematical brainteaser involving a couple of holes of golf on the surface of the moon. In addition to logical puzzles and mathematical paradoxes, this original collection features a variety of word problems and sports-related riddles. The puzzles, which vary in complexity from playful propositions to tough mathematical conundrums, are suitable for ages 12 and up. Detailed solutions appear at the end.
