Penguin Putnam Inc, India, 2009. Paperback. Condition: New. Reprint. Language: English . Brand New Book. What drives a man to travel to sixty countries and spend a fortune to count birds? And what if that man is your father? Richard Koeppel s obsession began at age twelve, in Queens, New York, when he first spotted a Brown Thrasher, and jotted the sighting in a notebook. Several decades, one failed marriage, and two sons later, he set out to see every bird on earth, becoming a member of a subculture of competitive bird watchers worldwide all pursuing the same goal. Over twenty-five years, he collected over seven thousand species, becoming one of about ten people ever to do so. To See Every Bird on Earth explores the thrill of this chase, a crusade at the expense of all else--for the sake of making a check in a notebook. A riveting glimpse into a fascinating subculture, the book traces the love, loss, and reconnection between a father and son, and explains why birds are so critical to the human search for our place in the world. Marvelous. I loved just about everything about this book. --Simon Winchester, author of *The Professor and the Madman* A lovingly told story . . . helps you understand what moves humans to seek escape in seemingly strange other worlds. --Stefan Fatsis, author of *Word Freak* Everyone has his or her addiction, and birdwatching is the drug of choice for the father of author Dan Koeppel, who writes affectionately but honestly about his father s obsession. --Audubon Magazine (editor s choice) As a glimpse into human behavior and family relationships, *To See Every Bird on Earth* is a rarity: a book about birding that nonbirders will find just as rewarding. --Chicago Tribune.
