Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This book is a follow up to the previous 6 editions of Norfolk Gravestone Inscriptions. This particular edition covers another new area of Norfolk from that of the last one which includes the following churches: - Dunton, Greatt Massingham, Harpley, Little Massingham, Shereford, South Raynham, Toftrees, Weasenham All Saints, Weasenham St Peter, West Rudham There are around 575 gravestone inscriptions yet again in this volume making this a well packed edition. The time taken to record these lovely old memorials seemed endless due to the weathering of the stonework making them very hard to read. Another reason for the struggle was that a lot of the epitaphs have lichens and moss growth which I never attempt to remove for fear of damaging the stonework and spoiling the ecology of that area. In many of the churchyards that I ve visited there were trees that overhang these monuments causing an increasing amount of dampness on the gravestones thus causing erosion which makes this task even harder to perform. I have tried extremely hard to transcribe these as accurately as I possibly could, but must apologise for any errors that may be found. The book is issued in the hope that it will at least archive many of these gravestones (tombstones, memorials or epitaphs) to enable others to read in years to come. At least I can say that I have recorded some of them for posterity, especially for families who are trying to research their own history here in Norfolk. The list consists mainly of inscriptions that are pre 1900 s. As you can imagine, the work of transcribing these has taken me many, many hours and also lots of sleepless nights...
