The ebook is great and fantastic. We have read and i also am sure that i am going to likely to go through once again again down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Pen Sword Books Ltd, United Kingdom, 2013. Paperback. Condition: New. Language: English . Brand New Book. Being a copper at the yard was definitely an exciting time for the author, John Woodhouse, but it did take it's toll on social and family life. From east end detective, to the Bomb Squad in London's fight back during the IRA bombings of the 1970s, to the Flying Squad in the fight against organised crime. But amongst all this there was a lighter side, from Morris Dancing, to a cross dressing debutante at Ascot's ladies day, to undercover cop is all in a days work, until out of the blue he was told he had terminal cancer and to go home and die. This book is an insight into the life of an ordinary guy who has led an extraordinary life, who has opened death's door and closed it again, but still had time to smile at life as he endured the battle with cancer. Fighting his way back to return to duty at the yard with one lung and continuing his career, this is the story of guts and determination. To take on the Chinese triads in their own back yard and come out the other side is astonishing in itself, but along with all the ups and downs in his life this ordinary guy's approach to life is one of optimism and fun. This book will certainly make you laugh at times and cry at others, you can live his life along side him on every page.
