

How to Survive an Emp Attack: The Ultimate 10 Step Survival Guide on How to Prepare for Life Before, During, and After an Emp Attack That Brings Down the National Power Grid (Paperback)

By Nicholas Randall

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The information in this book will save your life. Intelligence reports and military experts have concluded long ago that an attack on the United States by an EMP (electromagnetic pulse) won t just be devastating, it might be inevitable. If an EMP were to burst two hundred and fifty miles over the center of the United States, it would destroy most if not all of the power infrastructure in the country from coast to coast, and send us back to the pre-electricity age within mere seconds. The survival rate for an EMP attack is estimated to be between just ten and twenty percent. The majority of people who die will do so from disease, starvation, dehydration, suicide, and murder. The power supply would not get back up and running for years. Almost all technological devices would cease working immediately. The production and delivery of our basic necessities, including water, food, medical items, and manufacturing will end. The United States will have instantly been transformed into a dark, cold, and lawless world without power. It will leave three hundred and fifty million...
