Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.A satirical booklet intended to shine light on the darkness of racism within affluent, white communities. Both hilarious and terrifying, The White Liberal Racist Over 40 Handbook breaks down walls of misunderstanding and reveals the underlying psychology perpetuating racism. Today, during a white power renaissance bringing violence against humans based on color, religion, and sexual orientation, the question emerges - how can we help make a difference? The complexities of this issue are vast and stretch from the administration, or lack thereof, of punishment for discriminatory crimes to the denial of basic care to the American population. During this time, it s important to look not only toward the obvious source of racism, neo-Nazis and the Ku Klux Klan. But also to the neo-conservative movement and general liberal-related groups. Racism lives in these groups and movements as well. What The White Liberal Racist Over 40 Handbook concludes is that if we are to end racism, we must allow all people of all colors to populate all areas of the United States. Good housing, good food, good healthcare, and natural beauty are the human rights of all human beings. If America claims to be an international superpower, then there is work to do within each individual and the state in order to take responsibility and stewardship of the humans populating this lush, abundant country.
